Who We are

We are a community of people with experience in cultural and educational training and exchange services. Our company was founded with the aim of promoting, organising and managing cultural and educational exchange experiences.

We firmly believe that cultural exchanges can be an important opportunity for young people to grow, open up to new opportunities, build new ties, compare notes, have fun and become adults and professionals ready to face the challenges of the future with an international orientation while remaining ambassadors of their own origins and traditions.

Let's build a better world, one student at a time.

Live Italy: More Than a Trip, a Life Experience

Italy is much more than just a destination: it's a vibrant mix of culture, sports, fashion, great food... and yes, even Super Mario Bros! The moment you land, you'll be greeted by unique scents, the energy of the people, and living history in every city. Each region will tell you a different story, with its own accent and unique sense of hospitality.

Study in Italy: Academic Excellence and Real Life

The Italian education system offers a well-rounded formation, from classical studies to cutting-edge technology. Before you depart, we'll help you choose the path that best suits you, ensuring a smooth integration.

School, Sports, Art... and Cooking!

Beyond the classroom, Italian schools offer a wide range of extracurricular activities: sports, music, dance, and creative workshops (yes, even cooking!). You'll enjoy new experiences every day and form lasting friendships.

An Italian Family, a Second Home

We select host families based on MugUp!'s values: warm hospitality, fun, and authenticity. You'll be welcomed as a son or daughter not just a guest.

Traditions, Celebrations, and New Friendships

In Italy, every occasion is worth celebrating Christmas, Carnival, Easter, and countless local festivals. You'll live these traditions from the inside, creating unforgettable memories.
